Managing Operating Performance

Inflationary pressures and rising interest rates will add to operating costs and financing expenses, which Centurion expects to offset by positive rental reversions.

The Group aims to mitigate impact of the dual headwinds, with focus on management efficiencies, optimizing rental revenues, and prudent cash conservation.

Enhancing Portfolio Value and Performance

Centurion will continue to calibrate assets, spaces and operations, adjusting to market shifts and regulatory changes, to enhance the value of its assets, improve pandemic management resilience and ensure the well-being of our residents.

Seeking Synergistic Growth

Centurion continues our strategic review of our specialized accommodation portfolio, seeking opportunities for capital recycling and reallocation towards synergistic assets and businesses, to deliver sustainable, long-term value to shareholders
